

PANTHER OF THE WEEK

UNIT: D/1-508 PIR

NAME: SPC James Farris

AGE: 23

Weeks Accomplishment:

SPC Farris showed great dedication and competence as a member of Delta Company this week. As Delta Company's primary armorer, SPC Farris was invaluable during equipment outload for the Company's upcoming training at NTC in Fort Irwin. His excellent performance in arms room management and organization made for an efficient and expedient pack out under an extremely condensed timeline. Concurrently, he conducted pre-change of command layouts as well as participated in a company air assault mission with a follow on attack at Range 62.

SPC Farris consistently puts the mission first and works late hours to go above and beyond what is expected of him as a company armorer. His determination and strong work ethic continuously set him apart from his peers.
